

a Fixed expression

● TCGA-COAD ● GSE13294 ● GSE13067 ● GSE18088 ● GSE26682 ● GSE39084

b Within-sample rank**c Source identification within labels**

PCA is fitted separately in each representation; distances are not comparable between panels.
Source classification uses training-fold feature selection; points are pooled five-fold out-of-fold estimates.
